

# SPRING CLASSES AND WORKSHOPS

Performances can be exhilarating, but we also love to focus on an actor's process. Each fall and spring, the young company offers a variety of programs to support and challenge developing actors. For performers in grades 1-12, we hold weekly acting and dance classes, private voice lessons and special workshops connected to young company and Mainstage productions. We vary the structure and focus of our programs to better address the developmental stage and needs of each age group.
